REGIONAL TRANSPORTATION PLAN

FOR THE

TRI-CITIES METROPOLITAN AREA

AND THE

BENTON-FRANKLIN-WALLA WALLA RTPO

NOVEMBER 2011 (REVISED MAY 2012)

Prepared by the
Benton-Franklin Council of Governments Transportation Staff
Mark Kushner, Transportation Director
Len Pavelka, AICP, Transportation Planning Specialist III
Tanna Dole, Transportation Planning Specialist III
Brian Malley, Modeling/GIS Specialist
Geoff Wagner, Transportation Planner I
Monica Sanchez, Administrative Staff

This Regional Transportation Plan has been financed in part through grants from the Federal Highway Administration, Federal Transit Administration, and the Washington State Department of Transportation. The policies, findings, and recommendations contained in this plan, do not necessarily represent the views of the MPO/RTPO agencies identified herein and do not obligate those agencies to providing funding to implement the contents of the Plan as adopted.

This document incorporates by reference the "2010 Regional Bicycle and Pedestrian Plan for Benton, Franklin and Walla Walla Counties and the Tri-Cities Urban Area" and the "2010 Coordinated Public Transit - Human Services Transportation Plan for Benton, Franklin and Walla Walla Counties".

After comment from WSDOT/Transportation Planning Office, this document was revised in May 2012 to extend the planning period for the metropolitan area a full twenty years beyond the adoption date (as required by federal statute). References to the planning period were revised throughout the document. As part of this revision, concerns with financial constraint were also addressed. Additionally, the public involvement section was revised to contain information related to this revision.

For information concerning, or copies of either of these plans, please contact the Benton-Franklin Council of Governments.
